Follow These Tips For Filling Out Applications

- ✓ **Take your time. Give plenty of thought regarding what you want to say before you write it.**
- ✓ Don't fill out an application the last minute before a deadline.
- ✓ Read your answers **out loud** to yourself, then to someone else. Make sure that person will be honest with you.
- ✓ Always have at least one other person proof-read your document. It's a good idea to have that person be an adult who will be honest with you regarding mistakes or how it sounds and will give you constructive suggestions. (teacher, parent, etc.)
- ✓ **Do not** have your parents or others fill it out; there are always telltale signs that they did it. They are not the one applying.
- ✓ **Do not ask your parents to call or email about an application** if you have questions. You need to do this – again, you are the one applying.
- ✓ Do not leave blank spaces—write N/A (not applicable if necessary).
- ✓ **Check your spelling. Spelling errors are UNACCEPTABLE!** Remember, spell check isn't always correct.
- ✓ Make sure to use correct forms of words; no slang. **Grammar is so important.** Sound smart!
- ✓ Do not write like you are sending a text message. Write words out, do not abbreviate.
- ✓ In essay answers, do not ramble. Be honest and tell the facts. Get to the point but sell yourself.
- ✓ In essay questions, **do not repeat the question in your answer**...just get to the point(s).
- ✓ When asked to **tell something unique** about yourself, be specific ...what makes you who you are?
Ex: talk about a talent, do you run marathons, speak 4 languages, have an interesting hobby, personally know a movie star, etc. The question is prompting you to tell who you are. "I'm a people person" or "I like helping people" is **not** unique.
- ✓ Let your personality come through, while sounding professional!
